be indulged in for some weeks, as Dr.  
Kilmer brings a full pack of well trained  
hounds with him.

The fine weather of the past week  
has afforded many opportunities to the  
watermen. Oysters are bringing from  
30 to 70 cents per bushel and the catch  
so far is better than for several years.

Mrs. J. E. Blakemore and Mrs. W. C.  
Chowning spent Friday last with Mrs.  
Jas. A. Chowning, who is still confined  
her room and bed.

It is to be hoped that the game warden  
of this vicinity will interest himself suf-  
ficiently to see that the game laws are  
strictly enforced. During the past few  
days considerable shooting has been  
going on in the vicinity of Ottoman,  
with no restriction whatever as regards  
the killing of birds.

Malaria is still prevalent here. Tues-  
day and Wednesday mornings we had  
heavy frosts which will aid some in  
checking this malady.

## MILLENBECK.

Mr. and Mrs. Jno. C. Towles have  
returned from an extended visit to the  
mountains of Virginia. They have two  
daughters in that part of the State

of their trip and impressions along the  
route which will be interesting and  
instructive.

ting along very nicely.

Rev. Dr. Barber, of Fredericksburg,  
and Rev. L. R. Combs, of Lancaster,

Baltimore and other places last week.

ing.

Henry Bruster was in Baltimore  
last week.

Capt. Jno. M. Gannon was run into  
by a tug boat a week or so ago while  
sailing up the bay. Capt. Gannon's  
hand was badly mashed and his boat  
was damaged considerably. The tug  
backed off under cover of a thick night,  
and up to this time no clue has been  
secured which will lead to identifica-  
tion.

Miss Ella Kelly, of Baltimore, is the  
guest of her uncle, Capt. Jno. M. Gan-  
non.

A game of baseball was played here  
Saturday, which was enjoyed more by  
the crowd present than if the teams had  
been the champions of Chicago and  
New York, instead of colored. One, the  
"Mud Stingers" of White Stone, and  
the other, the "Shuckers" of Crisfield,  
Md. The latter team is made up of  
shuckers in Dameron's oyster house  
here. The umpire seemed to be able to  
take care of himself, although war was  
declared several times. There was a Presi-  
dent Castro and did not seem to notice  
what was going on around him. Pistols  
and razors may have been in a bundle  
and there was evidence of them, but  
they were unseen. The game was  
worth seeing and for miles around who  
could hear the coaches shout; never  
was such a shouting heard here before,  
and when a player was put out on his  
run, it looked like he would be mobbed.  
The game was won by the "Mud  
Slings" on a score of 6 to 4.

timore, are on a visit to Mrs. W. A.

C. W. FULLERTON LOOSES REASON.

Postmaster C. W. Fullerton, of  
Wheaton, has become mentally impaired,  
and has been taken to a sanitarium  
in Maryland. It is hoped by his  
friends that the affliction is but tempo-  
rary and that he will speedily recover.

A postoffice inspector has placed the  
postoffice in charge of Mr. Fullerton's  
sureties, G. O. Howett and J. H. Wheal-  
ton, pending the appointment of a new  
postmaster. There are several appli-  
cations, among whom are: E. Dorsey  
Rock, Mrs. T. S. Curlett and Miss  
Sterling.

DEAFNESS CANNOT BE CURED  
by local applications, as they cannot reach the  
diseased portion of the ear. There is only one  
way to cure deafness, and that is by constitu-  
tional remedies. Deafness is caused by an in-  
flamed condition of the mucous lining of the  
Eustachian Tube. When this tube is inflamed  
you have a rumbling sound or imperfect hear-  
ing, and when it is entirely closed, Deafness  
is the result, and unless the inflammation can  
be taken out and this tube restored to its nor-  
mal condition, hearing will be destroyed for-  
ever; nine cases out of ten are caused by  
Catarrh, which is nothing but an inflamed  
condition of the mucous surface.

We will give One Hundred Dollars for any  
case of Deafness (caused by catarrh) that can-  
not be cured by Hall's Catarrh Cure. Send for  
circulars, free.

were very much pleased with his preach-

were at Taft the first of this week.

Our bachelor friend says he would  
like for me to suggest the girl for him.  
Well, now I would be glad to help a  
friend out of trouble, but fear getting  
in trouble myself, for if the young  
lady should find me out then I might get  
the broomstick. He expressed himself  
as being greatly interested in this mat-  
ter. That we have no doubt of, for he  
has material in place to build a cage,  
and of course it is natural that he  
should be looking about for the bird.
